

# USabcd 4<sup>th</sup> Scandinavian Winfocus Meeting

Theory - Workshops - Volunteers - Experimental models

Aarhus University Hospital, Skejby, Denmark  
October 10<sup>th</sup> - 12<sup>th</sup> 2011

The  
Ultrasound  
of ABCD

**USabcd** has been designed for anaesthesiologists with basic or no ultrasound experience. The meeting will provide knowledge and skills (via lectures and hands on sessions on both human and animal models) enabling participants to apply ultrasound as a universal tool in the management of airway, breathing, circulation and disability.

Further information and  
final announcement on
