USabcd Courses of Basic & Advanced FATE
(Focus Assessed Transthoracic Echocardiography)

Basic FATE February 18 2014
Advanced FATE February 18 2014
Basic FATE April 8 2014
Advanced FATE April 8 2014

Basic & Advanced FATE

Objective

The objective is to provide basic and advanced echocardiographic skills for physicians who are not cardiology specialists in order to guide successful cardiopulmonary optimization.

Course convenor

The course convenor is the inventor of the world famous FATE protocol Professor Erik Sloth joined by a team of highly skilled supervisors.

Precourse qualifications

No prior experience is required for the basic USabcd course of FATE. Advanced FATE requires Basic FATE skills.

Language: English if any non-Danish speaking participants join the course.

Cutting edge e-learning & workshop

Cutting edge interactive e-learning programs present the theory prior to the 1-day hands on workshop.

The focused 1-day hands on workshop is 100% dedicated to practice training.

Venue

Aarhus University Hospital, Skejby
Brendstrupgaardsvej 100,
8200 Aarhus N,
Denmark

Fee

DKK 3675,- including e-learning + 1-day workshop + lunch
