UltraSound Airway Breathing Circulation Dolor

USabcd Course of FAST & eLUS
(Focused Assessment with Sonography for
Trauma & Emergency Lung Ultrasound)

Aarhus February 19 2014
Aarhus April 9 2014

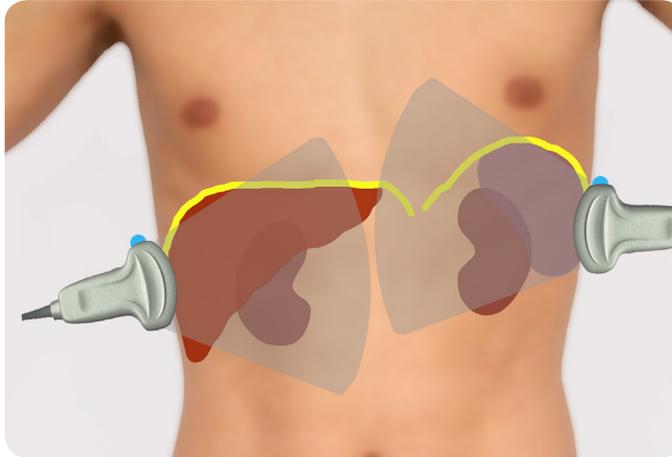

FAST & eLUS

What is FAST?

FAST is a simple and systematic sonographic examination for free fluid in the pericardial sac and in the peritoneal cavity.

Emergency LUS

Emergency LUS is a simple and systematic sonographic examination to detect pneumothorax, pleural effusion and pulmonary edema.

Course convenors

The course convenors are Ole Graumann and Christian Laursen joined by a team of highly skilled supervisors.

Ole Graumann

Christian Laursen

Precourse qualifications

No prior experience is required for the FAST & eLUS course.

Language: English if any non-Danish speaking participants join the course.

Advanced e-learning & workshop

Cutting edge interactive e-learning programs present the theory prior to the 1-day hands-on workshop.

The focused 1-day hands-on workshop is 100% dedicated to practice training.

Venue

Aarhus University Hospital, Skejby
Brendstrupgaardsvej 100,
8200 Aarhus N,
