UltraSound Airway Breathing Circulation Dolor

USabcd workshops

Enjoy worldclass learning in point of care ultrasound combined with springtime in wonderful Copenhagen.

Workshops will be held at GE Healthcare Copenhagen.

Basic FATE November 6 2014

Advanced FATE November 6 2014

Basic LUNG US/FAST November 7 2014

Basic US Guided Nerve Blocks November 10 2014

Advanced US Guided Nerve Blocks November 10 2014

Course convenor

The course convenor is the inventor of the world famous FATE protocol Professor Erik Sloth

Pre-course qualifications

No prior experience is required for basic FATE, basic lung US/FAST and basic UGRA.

Advanced FATE and Advanced US Guided Nerve Blocks require basic skills.

Language: English, if any non-Danish-speaking participants.

Pre course E-learning programs take you through pre- and post tests and secure your maximum preparation for the hands on workshops.

You will be guided at your own pace and in the comfort of your own office.

Fee

DKK 3675,- per workshop including access to E-learning programs and lunch.

A certificate will be issued upon completion of the course.

Cutting edge e-learning & workshop

Cutting edge interactive e-learning programs present the theory prior to the hands-on workshops.

The focused 1-day hands-on workshops are dedicated 100% to practice training.

Venue

GE Healthcare, Park Allé
2605 Brøndby, Denmark

Information & Registration
