UltraSound Airway Breathing Circulation Dolor

USabcd Courses of Advanced FATE

(Focus Assessed Transthoracic Echocardiography)

Aarhus	February	26	2015
Aarhus	April	22	2015
Copenhagen	June	04	2015
Aarhus	September	09	2015
Copenhagen	November	05	2015

Objective

To provide advanced echocardiographic skills for physicians who are not cardiology specialists in order to guide successful cardiopulmonary optimization.

Cutting edge e-learning & workshop

Interactive e-learning programs present the theory prior to the 1-day hands on workshop. The focused 1-day hands on workshop is 100% dedicated to practice training.

Programme

09.45-10.00 Introduction

10.00-10.15 Highlights to HOT 1

10.15-11.30 HOT 1 (repetition of Basic FATE views, extended views)

11.30-11.45 Break with coffee and fruit

11.45-12.00 Highlights to HOT 2

12.00-13.00 HOT 2 (repetition of HOT 1, Doppler knobology, basic Doppler)

13.00-13.30 Lunch (included)

13.30-13.45 Highlights to HOT 3

13.45-14.45 HOT 3 (repetition of HOT 2, pressure estimation, CO, diastology)

14.45-15.00 Highlights to HOT 4

15.00-15.15 Break with coffee

15.15-17.00 HOT 4 (certification and scenario training, advanced cases)

HOT = Hands-on-training

Starting time and length of breaks are subject to change
