Basic FATE Courses 2016
(Focus Assessed Transthoracic Echocardiography)

Aarhus: April 6 & September 12, 2016
Copenhagen: November 3, 2016

usabcd
UltraSound Airway Breathing Circulation Dolor

Cutting edge e-learning & workshop
Interactive e-learning programs present the theory prior to the 1-day hands on workshop. The focused 1-day hands on workshop is 100% dedicated to practice training.

Objective
To provide basic echocardiographic skills for physicians who are not cardiology specialists in order to guide successful cardiopulmonary optimization.

Faculty
Professor Erik Sloth, inventor of the world famous FATE protocol, together with a team of highly skilled supervisors.
